Radio operators open their doors in Richfield

Published July 10, 2015 at 2:18 pm

Tom York, a leader within Richfield's Community Emergency Response Team, stands over Don Clay (left), president of the Richfield Amateur Radio Club, and Herman Saul during a radio exhibition at Richfield's Jefferson Park June 27. The radio operators took part in the Amateur Field Day exercise, a day set aside nationally to showcase the operations of ham radios. Richfield CERT, the Richfield Amateur Radio Club, the Bloomington Amateur Radio Association and the Bloomington Communications Group came together to demonstrate the role ham radios can play in the event of a communications infrastructure outage.
